PERSONAL ATTENTION

LOYALTY OF EMPLOYEES OF THE UNITED NATIONS
AND OTHER PUBLIC INTERNATIONAL ORGANIZATIONS

There is set forth below a United Nations loyalty case supervised in the Employees Security Section of the Bureau which is pending in your office and which is among the most delinquent such investigations being handled in the Bureau:

Ina Telberg

This case is being brought to your attention to insure that it is being followed closely by both your investigative and supervisory personnel with a view toward completion at the earliest possible date. The Bureau is holding you personally responsible for the immediate completion of this case even though it may have been recently opened in your office by referral of leads from the Bureau or an auxiliary office.

The necessity for the earliest possible completion of this case cannot be overemphasized. As you know, much publicity is being given the Bureau's investigation of United States citizens employed by the international organizations coming under the purview of Executive Order 10422. Also, the date of the coming meeting of the United Nations General Assembly has been advanced to mid-August. In this regard, the Bureau has been confidentially advised that the status of the United Nations loyalty investigations will be discussed before the General Assembly by Henry Cabot Lodge, Jr., Chief of the United States Mission to the United Nations. It is, therefore, incumbent upon the Bureau to complete as many investigations as possible prior to that meeting, in order that the Bureau will have discharged, as far as is possible, its responsibilities under the provisions of Executive Order 10422.

The case listed in this letter does not necessarily represent the only delinquent case of this type in your office. You should immediately determine if there are any such cases in your office in which the deadline has past. If any are found, you must take the necessary action to see that they are completed without further delay. It is your personal responsibility to see that your office meets the deadline in all these cases.

Miss MARGARET JOHNSON, Dean of the school, advised that the employee attended the School of Applied Social Science during the above dates. She stated that the employee's date of birth is listed as November, 1908 in Tiazan, Russia. (Note discrepancy)

JOHNSON stated that the employee was in this country on a student passport which would expire upon her graduation. The employee's concern for her parents' safety caused her to work under a constant strain during her stay at Western Reserve University. JOHNSON declared that the employee was ill on several occasions, which was probably due to the strain of worrying about her parents. JOHNSON added that, in spite of this worry and concern over her parents, the appointee did very well scholastically.

Dean JOHNSON stated that the employee was dependable, punctual, and cooperative, and a person of which everyone thought well.

JOHNSON also stated that nothing ever happened or was brought to her attention which led her to believe the employee would be disloyal to this country. She also stated that no one else at Western Reserve University would recall the employee.

Western Reserve University

III. RESULTS OF INVESTIGATION:

Miss BONNIE WOODBURY, Transcript Clerk, Registrar's Office, Ohio State University, Columbus, Ohio, made available the scholastic records of the employee and the following information was noted:

Birth Data:

Born November 17, 1908, at Kazan, Russia. Her nearest relative in 1936 was listed as GEORGE GUSTAV TELBERG of Tsingtai, North China, her father.

Education:

Entered Ohio State University Graduate School on September 29, 1936, and received a Ph. D. in Sociology in June, 1942. According to the records, she had received her A. B. from Wittenberg College in 1931, and an M. A. from Western Reserve University in 1932. Her academic grades were excellent. No information reflecting adversely on her character, reputation, associations or loyalty appeared on the transcript records.

Mrs. GAILE QUICK, Clerk, Graduate School, Ohio State University, made available Graduate School records concerning the employee. These records gave little information concerning the employee beyond that found in the Transcript Office, except they reflected that the employee was employed in a teaching capacity while working for her Doctorate. Her supervising professors were named as Professor FREDERICK E. LUMLEY and Professor J. E. HAGERTY, both of the School of Sociology. Mrs. QUICK advised that both professors are deceased.

Employment:

Miss FRANCES J. JACOBS, Clerk, Business Office, Ohio State University, Columbus, Ohio, made available an index card from her files, which reflected that the employee was employed in the following positions at the Ohio State University School of Sociology:

1937	Graduate Assistant
1938	Assistant Instructor
1939	Instructor
1940	Instructor
1941	Instructor
1942	Granted leave of absence without salary for one year for work with U. S. Government
1943	Leave of absence was extended until 1946
1946	Leave of absence was extended until 1947
1947	Resignation accepted

FLORENCE G. ROBBINS, Associate Professor, Department of Sociology, Hagerty Hall, Ohio State University, Columbus, Ohio, advised that she has known the employee since 1936 and had been a fellow student and fellow instructor of the employee. Miss ROBBINS stated that she considered the employee to be of excellent moral character and a loyal American citizen. Miss ROBBINS said that she knew of no associates of the employee who were of poor character or doubtful loyalty to this Government.

CARL A. NISSEN, Assistant Professor, Department of Sociology, Ohio State University, Columbus, Ohio, advised that he had known the employee well during the time she spent at Ohio State University. He advised that he and his wife were friendly with the employee at work and in social circles. Professor NISSEN said the employee was an excellent instructor, that her moral character was above reproach and her loyalty to the United States was unquestionable. Professor NISSEN stated that, to his knowledge, the employee associated with people of good repute and at no time consorted with any persons known to him to be disloyal. Professor NISSEN advised that he had never met any members of the employee's family but understood that her father is now a dealer in foreign books and lives in New York City. Professor NISSEN stated that he had never met the employee's former husband but that the employee had frequently mentioned him and had said he was an itinerant artist who never wanted to settle down and establish a home.

Neighborhoods:

Mrs. STELLA K. FRASCH, 2005 Waldeck Avenue, Columbus, Ohio, advised that she recalled the employee as a former roomer who had lived at her home from approximately 1937 to 1940. Mrs. FRASCH recalled the employee as a steady, dependable girl, of good morals and, to the best of her knowledge, loyal to the United States. Mrs. FRASCH stated that she never had any reason to question the character or loyalty of any of the employee's visitors or associates.

Mrs. TENNICE THOMPSON, Clerk, Olentangy Village, 2815 North High Street, Columbus, Ohio, could find no record of the employee as a resident of 3007 Neil Avenue, one of their apartment units. Mrs. THOMPSON explained that no records prior to 1945 of departed tenants have been kept.

Mrs. KELLY LAUGHEAD, Apartment 41C, 3007 Neil Avenue, stated that she recalled the employee as a former fellow tenant and said that to the best of her knowledge, the employee was of good character and a loyal citizen. Mrs. LAUGHEAD said that she could not recall any of the employee's friends or associates but had heard nothing derogatory about the employee in any way.

Mrs. JAMES HUBBELL, 2993 Neil Avenue, Columbus, Ohio, advised that she has resided in this neighborhood for sixteen years but could not recall the employee.

Credit:

Miss NELL HARDIN, Ohio Bureau of Credits, South Fourth Street, Columbus, Ohio, could find no record in her files concerning the employee.

Criminal:

MARY DODGE, Records Section, Columbus, Ohio, Police Department, could find no arrest or other record in their files identifiable with the employee.

Miscellaneous:

Reliable informants with knowledge of certain phases of Communist Party activity in and around Columbus, Ohio, advised that they do not know the employee and that they possess no information concerning her.

Miss HELEN DYER, Registrar at Wittenberg College, Springfield, Ohio, produced records which reflect that INA TELBERG was enrolled at Wittenberg College from September 11, 1928, through Summer School of 1930. She was, therefore, listed in the 1931 graduation and received her A. B. diploma on June 4, 1931. The records further reflect that Miss TELBERG majored in Economics and minored in Political Science and English.

These records contained no derogatory information relative to the employee and contained the following additional information concerning her:

She was born November 18, 1908, at Kazan, Russia. She attended N. China American School, Tunghsien, N. China. Her father was listed as GEORGE TELBERG, a Professor, and her home address was shown as 2 Chi-Hsia Rd., Tsingtas, Shantung, China. She was allowed credits from Harbin College of Law in Manchuria.

Miss DYER stated that she, herself, was a part time student and Secretary to the Dean of Students during the school year 1928-29. She stated that she recalled INA TELBERG as a member of the foreign students group and believed that she was a "White Russian." She said that, to her knowledge, Miss TELBERG's character, reputation, and associates were good when she was at Wittenberg College. She advised further that the employee, by action or word, had never given her cause to question her loyalty to the United States. Miss DYER pointed out that she has had no contact with INA TELBERG since June, 1929.

There is no record of INA TELBERG in the files of the Springfield, Ohio, Credit Bureau or the Springfield, Ohio, Police Department.

III. RESULTS OF INVESTIGATION:

Dr. CECIL NORTH, 601 34th Avenue, Northeast, St. Petersburg, Florida, advised that he was formerly Professor of Sociology at Ohio State University. He recalled that the employee, INA TELBERG, studied for and received her doctorate at Ohio State University in about the late 1930's or early 1940's. During this period of time he was her chief advisor and came to know her quite intimately. He had visited at her home. Dr. NORTH advised that she appeared to be a very dependable person and of good character. Her behavior had always been proper. To his knowledge, she did not engage in excessive drinking of alcoholic beverages. Her associates were chiefly University students and members of the faculty, who were apparently of satisfactory reputation. He noted that she was well regarded in the Sociology Department.

Dr. NORTH advised that he considers the employee to be strongly devoted to the United States, a loyal citizen. In this regard he remembered that when World War II broke out she was so desirous of doing her part to assist that she went to Washington, D. C., immediately and there secured a position which subsequently took her out of the country for a time. It was his understanding that she had satisfactory service in this position. He recalled that after her return she secured employment with the United Nations.

Dr. NORTH stated that possibly two or three years ago while he was in New York he visited with the employee. He recalled taking the employee to dinner. She assisted him by telling him how to find his way around at the United Nations.

Dr. NORTH was not acquainted with the parents of INA TELBERG.

These cases are being brought to your attention to insure that they are being followed closely by both your investigative and supervisory personnel with a view toward completion at the earliest possible date. The Bureau is holding you personally responsible for the immediate completion of these cases even though they may have been recently opened in your office by referral of leads from the Bureau or an auxiliary office.

The necessity for the earliest possible completion of these cases cannot be overemphasized. As you know, much publicity is being given the Bureau's investigation of United States citizens employed by the international organizations coming under the purview of Executive Order 10422. Also, the date of the coming meeting of the United Nations General Assembly has been advanced to mid-August. In this regard, the Bureau has been confidentially advised that the status of the United Nations loyalty investigations will be discussed before the General Assembly by Henry Cabot Lodge, Jr., Chief of the United States Mission to the United Nations. It is, therefore, incumbent upon the Bureau to complete as many investigations as possible prior to that meeting, in order that the Bureau will have discharged, as far as is possible, its responsibilities under the provisions of Executive Order 10422.

In order that the transmittal to CSC of the results of investigations in these cases will not be delayed due to conditions over which the Bureau has no control, you are instructed to submit pending reports in each case in which the receipt of the results of an agency check is delaying submission of your report. The results when received should, of course, be submitted in report form, if pertinent.

The cases listed in this letter do not necessarily represent the only delinquent cases of this type in your office. You should immediately determine if there are such cases in your office in which the deadline has passed. If any are found, you must take the necessary action to see that they are completed without further delay. It is your personal responsibility to see that your office meets the deadline in all these cases.

These cases are being brought to your attention to insure that they are being followed closely by both your investigative and supervisory personnel with a view toward completion at the earliest possible date. The Bureau is holding you personally responsible for the immediate completion of these cases even though they may have been recently opened in your office by referral of leads from the Bureau or an auxiliary office.

The necessity for the earliest possible completion of these cases cannot be overemphasized. As you know, much publicity is being given the Bureau's investigation of United States citizens employed by the international organizations coming under the purview of Executive Order 10422. Also, the date of the coming meeting of the United Nations General Assembly has been advanced to mid-August. In this regard, the Bureau has been confidentially advised that the status of the United Nations loyalty investigations will be discussed before the General Assembly by Henry Cabot Lodge, Jr., Chief of the United States Mission to the United Nations. It is, therefore, incumbent upon the Bureau to complete as many investigations as possible prior to that meeting, in order that the Bureau will have discharged, as far as is possible, its responsibilities under the provisions of Executive Order 10422.

The cases listed in this letter do not necessarily represent the only delinquent cases of this type in your office. You should immediately determine if there are such cases in your office in

which the deadline is past. If any are found, you must take the necessary action to see that they are completed without further delay. It is your personal responsibility to see that your office meets the deadline in all these cases.

SECURITY INFORMATION - CONFIDENTIAL

TO : Director, FBI (138-362)

DATE: 7/21/53

FROM : *evb/wh* SAC, New York (138-1058)SUBJECT: INA TELBERG, aka
LEUN - IR

Rebulet to New York, 5/22/53.

Bes
Enclosed herewith are the original and seven copies of the report of SA EMMETT A. SCHMITT, at New York, dated 7/21/53.

New York File 65-61235 and Bufile 65-61504 entitled, "EUFROSINA DUOICHENKO-MARKOV, was; ESPIONAGE-R", reflects that a mail cover placed on the subject indicates that she had received correspondence from ~~GEORGE TELBERG~~, 3569 Broadway, NYC, the employee's father.

NY
In view of the fact that this is a pending investigation based on information furnished by [redacted] and the confidential nature of the investigation making it difficult to document, this investigation has not been included in instant report.

In referenced Bureau letter, the information set out that WFO had advised the Bureau that the employee had written an article entitled, "Heroes and Villains of Soviet Drama" and that her name and address was contained in the addressbook of ~~GEORGE N. FIRENSKY~~. *NY*

In order to avoid duplication, inasmuch as it appears that WFO was the origin of this information, no mention is being made of this information in the NY report.

NY
~~SS~~ The NYO indices reflect that a Miss EMILY SCRIBNER furnished information in 1952 on two different occasions which pertained to the employee. On the first occasion, Miss SCRIBNER appeared at the NYO and advised that she was in contact with a group of psychiatrists and other intellectuals, and gave a list of persons who attended week-end social intellectual gatherings, which she believes are a front for Communist activity. She stated these gatherings are held in a country home in Putnam County, but refused to reveal the exact location. She stated that she desires to have an agent accompany her to the location and cause a search to be made and uncover papers which may be of value.

Letter to Director, FBI
NY 138-1058

Miss SCRIBNER advised that she attended several of these meetings and was suspicious of the nature and intent of the gatherings.

Miss SCRIBNER stated that she had a book of names, which she did not have with her and that she would furnish the Office with some of these names in the future.

On a later date, Miss EMILY SCRIBNER forwarded the Office a letter wherein she stated that she was forwarding a list of artists, musicians, and psychiatrists, who she believes are CP associates. Contained in this were the names ~~INA TELBERG~~, ~~MARGARET MEAD~~, ~~STAPELFELDT~~, ~~ELIZABETH HELLERSBERG~~, among others. N.Y.

Because of the nature of this information, a lead was set out for a Miss EMILY SCRIBNER to be re-interviewed at her present address in Pawling, NY.

N.Y. X Miss SCRIBNER was re-interviewed and advised she has maintained a cottage in this area since 1934. Around 1950, she accepted a ride to Pawling, NY, from NYC, where she was employed at the time, from one KARSTON STAPELFELDT, who at that time had a place in the nearby area known as the Johnson Place. On the way they had an auto accident and inasmuch as she was all alone and had no one to care for her, STAPELFELDT suggested she go to the Johnson Place for a few days where she could receive rest and treatment for superficial injuries. She stayed there with the STAPELFELDT Family for approximately ten days during which time she met many friends and guests of the family. These people for the most part were school teachers and psychiatrists from NYC. During her stay there she noticed that STAPELFELDT had an unusually large number of films he was developing. She saw these films and the developed pictures of some of the films, all of which consisted of pornographic material, and a variety of snaps of nude women in lewd poses. On one of the strips of undeveloped film of lewd poses by nude women was attached the name of INA TELBERG. Miss SCRIBNER was of the opinion that this was a means of identifying the individual in the posed pictures. On another strip of film of like substance was

Letter to Director, FBI

attached the name ELIZABETH HELLERSBERG. During her stay at the Johnson Place, STAPELFELDT suggested that upon her return to NYC, she visit a psychiatrist. Miss SCRIBNER stated she knew of no reason why STAPELFELDT should suggest that she see a psychiatrist. At any rate, he gave her the name of ELIZABETH HELLERSBERG to contact. Miss SCRIBNER said that she remembered that name as being one of the names on some of the nude pictures, so out of curiosity, when she returned to NYC she called ELIZABETH HELLERSBERG who had an office on Staten Island. She said she made up a phony story about having a single daughter who had become pregnant and that Dr. ELIZ. HELLERSBERG proceeded to discuss the possibility of having an abortion performed for the sum of \$50. Miss SCRIBNER said that no contract was entered into by them on this first visit and so out of curiosity again she made several phone calls to HELLERSBERG office for the purpose of getting names of other people who might help her with her "trouble" for a lesser fee. On several occasions, INA TELBERG answered the phone in HELLERSBERG'S office and acted in an official capacity. She said she also obtained HELLERSBERG'S home phone No. and upon calling there, the phone again was answered by a person identifying herself as INA TELBERG. Miss SCRIBNER summarized that HELLERSBERG and TELBERG shared the same office and lived together. Continuing, she said she did obtain some names of persons to contact from HELLERSBERG and these individuals all turned out to be persons whom she had met at the Johnson Place. She was then invited to the homes of some of these individuals for meetings. She attended one meeting and the discussions centered about sex and sex parties. According to Miss SCRIBNER, she never attended activities of all these individuals and so she along with some friends of hers whom she refused to identify started some private investigations on their own and according to her, they found out that HELLERSBERG acted as a contact woman for men and women who were unhappy in married life, and she would arrange "Trial Marriages" and Weekend Parties-some held at the Johnson Place - for the purpose of satisfying her "Patients" for a fee. She said she never saw INA TELBERG and only talked with her on the phone a couple of times. She said TELBERG want to Europe for the UN last year and she said her investigations showed TELBERG attended a lot of weekend parties as described above. She could furnish no additional information regarding TELBERG.

Letter to Director, FBI
NY 138-1058

The interviewing agent advised that during the course of the interview of Miss EMILY SCRIBNER, which lasted for approximately two and one half hours, she rambled on about different topics and would state on different occasions she had records upstairs which she would check. She stated that she would go after these records, and then come down with a small slip of paper with a couple of numbers written on them and then spend time figuring what these numbers were.

A further check of the indices of the NYO by the writer indicated that Miss EMILY SCRIBNER has furnished numerous complaints to the NYO, all of which seem to revolve around the same group of individuals.

During the course of the interview with Mrs. KARSTON STAPELFELDT, which comments regarding the employee are set forth in the report, he advised that he was acquainted with Miss EMILY SCRIBNER and considered her to be neurotic and who definitely needed psychiatric help. He advised that at one time Miss SCRIBNER had considered herself in love with him and when he rejected her, she tried to do everything possible to embarrass him.

Mr. STAPELFELDT was not advised that the information concerning his association with the employee was furnished by Miss SCRIBNER, but he immediately submitted it, and advised that Miss SCRIBNER had stolen an address book from him, which she returned at a later date and that she had made life miserable for the persons names whom she had copied from the book. She did this by calling them at different hours of the day and night, accusing them to be Communist sympathizers and sex perverts.

He advised further that Miss SCRIBNER is currently suing him as a result of an automobile accident wherein she was a passenger in his car. As a result of this suit, he has been unable to obtain Automobile Insurance.

Letter to Director, FBI
NY 138-1058

Mr. STAPELFELDT, when questioned as to the alleged parties and pornographic literature that he was suppose to have at his country home, he stated that the only parties he could recall that were held at his place were parties held by his sixteen year old daughter and twenty year old son. As to the literature, he said he may at one time or another have had some snapshots of nudes that he was using in his work as a Commercial Artist, but that he could not recall ever having any literature that could be classified as pornographic.

In view of the fact that the information furnished by Miss SCRIBNER is of an unsubstantiated nature and the comments furnished regarding her by Mr. STAPELFELDT, the information furnished by her is not being included in instant report.

hired a private investigator who obtained derogatory information from FBI files regarding the girl which was used to break off their friendship. She mentioned another instance in which a corporation desiring to hold a key man in its employ told him of derogatory information in FBI files which would prevent him from obtaining other employment.

Telberg's commitments did not enable N.Y. to thoroughly interview her about the above on 3/29/57. An appointment was made to continue the interview on 4/1/57.

FOIA(b)(3) - 50 USC 3624(i)(1) - Intelligence Sources and Methods

On interview on 4/1/57 Telberg was pressed for factual information regarding leaks from the FBI. When pinned down, she admitted that she had no such facts. She said that she had formed an impression in this regard from information obtained at cocktail parties and social functions in the U.S. and abroad over a number of years. She could not recall specific persons who may have made statements to her nor could she recall specific statements. She stated that she could not recall the name of the prominent individual or the girl referred to above whose friendship was broken as a result of information from FBI files. She had the impression the girl resided in Germany and admitted that the information which she had heard could have come from some other agency. She could not recall the name of the person from whom she heard this story. With regard to the employee of a corporation who was held by the corporation as a result of information in FBI files, she stated she did not know the name of the corporation or the identity of the employee and could not recall where she had heard this story.

During the reinterview on 4/1/57 Telberg was emphatically advised that the statements she had previously made were irresponsible and untrue, and based on vague impressions rather than fact. She was emphatically cautioned about such statements.

RECOMMENDATION:

Inasmuch as it appears that Telberg has no specific information and may have been fabricating concerning alleged leaks from the FBI files and since she had denied any knowledge of subversive or espionage activities on the part of Jane Zlatovski, it is recommended that we not reinterview Telberg.

DEVELOPED INFORMANTS

Mr. Henry Einstein, Clerk of Court of Restitution Appeals at Nurnberg, who, in 1946 was a Research Analyst at the Nurnberg Trials, stated on August 11, 1953 that he remembered subject and had lunched with her one time, but that he did not know her well. Dr. Robert M. W. Kempner who is presently in a private legal firm in Frankfurt, and who formerly was General Taylor's Deputy Chief at Nurnberg, stated in a letter dated August 15, 1953 that he remembered subject "vaguely". III RESULTS OF INVESTIGATION

AT MENLO PARK, CALIFORNIA

Dr. GREGORY BATESON, a reference who is presently employed at the United States Veterans Hospital, advised that he first met the employee when he became a member of the Office of Strategic Services (OSS) in 1943, and advised that he was associated with her from that time until the termination of World War II.

BATESON continued that he and the employee served together in Calcutta, India as OSS employees, remarking that both returned to the United States after the cessation of hostilities.

According to BATESON, he has not been in touch with the employee since the end of World War II, although he recalls having seen her in approximately 1948, at which time the employee was working for the United Nations in New York as a translator. Dr. BATESON stated that his ex-wife, MARGARET MEAD, was, to the best of his knowledge, associated with the employee during this period, inasmuch as she was collaborating with one JEFFREY GORER, a British anthropologist, on some Russian studies. According to BATESON, his former wife, MARGARET MEAD, met the employee while he, BATESON, was with OSS in New York and previous to his being sent by OSS to Calcutta, India.

BATESON continued that he does not believe that MARGARET MEAD and the employee have been closely associated since World War II, inasmuch as he understands that the employee has been in Paris on one or more occasions since 1945, possibly with the United Nations program.

GREGORY BATESON related that when he first met the employee he, BATESON, was engaged in the study of a Nazi motion picture from a psychological and anthropological aspect insofar as it pertained to propaganda. He continued that the employee was analyzing Japanese fiction for more or less the same purpose and in view of their somewhat mutual interests, she was transferred to his office.

~~CONFIDENTIAL~~ - SECURITY INFORMATION

BATESON continued that from his discussions with the employee, he believes that she was of Scandinavian origin, and stated she was probably born in Russia of Swedish parents and advised that she considers Russian her native tongue. BATESON remarked that it was his impression that the employee's parents were White Russians and were refugees from Russia several years ago, but added that he could not substantiate this information and therefore could not vouch for its authenticity.

BATESON volunteered that the employee was intensely interested in the secret societies of Japan, such as the Black Dragon Society. He remarked that because of such fascination it was quite possible that the employee would "flirt dangerously with such groups." BATESON related that he did not think the employee would go to the extent that she would collaborate knowingly with any enemy of the United States, and remarked that the employee is quick mentally even under trying circumstances, and to the best of his knowledge would not reveal any confidential information.

According to BATESON, his observations of the employee's beliefs while they were associated with the OSS left him with the impression that she was not at all "extreme left," but that she was liberal to the extent that she possessed a hardy dislike for imperialism in all its forms and always "favored the underdog." BATESON emphasized that the above statement was not to be construed to reflect that the employee was in any way Communistic or dialectic, and concluded that the final analysis of his opinion would be "loyal to the United States."

It is to be noted that GREGORY BATESON was investigated under the provisions of EXECUTIVE Order 9835 in 1950 in connection with his position as an Ethnologist - Appointee at the Veterans Administration Hospital, Palo Alto, California. In April, 1950, the chairman, Loyalty Review Board, U. S. Civil Service Commission, advised that DR. BATESON had been rated "eligible on loyalty."

RESULTS OF INVESTIGATION

Mrs. ELLA MADDOX, 7726 Capitol, Houston, Texas, advised she had known the employee for approximately five months in the early 1940's, at which time Mrs. MADDOX was managing a building located at an unknown address on Columbia Road, Northwest, Washington, D. C.

She states that her relationship with the employee was strictly on a landlord tenant basis, however, at one time the employee told her that she was doing "secret work and might some day disappear". She added that a friend of hers, whose name Mrs. MADDOX could not recall, would claim her belongings and forward them to her. Mrs. MADDOX added shortly thereafter the employee did disappear from the apartment and a short time later an unknown person came to claim the employee's belongings in the apartment. She states this is the last time she heard from the employee.

Mrs. MADDOX recalled that during the time employee resided in the above described building a person dressed in a military uniform would often be seen entering the employee's apartment without knocking and they would then engage in a lengthy use of typewriters. Mrs. MADDOX recalls the employee got large amounts of mail but does not recall seeing the return address on any of these letters.

Mrs. MADDOX added although the employee was a very mysterious person she had no reason to question either her loyalty, character or associates.

RESULTS OF INVESTIGATION

The files of the Immigration and Naturalization Service reflect that INA TELBERG KOSSAKOWSKI filed Petition for Naturalization #252156 on October 18, 1935, at the United States District Court, Southern District of New York. The file states that she was born at Kazan, Russia, November 17, 1908, and her nationality is shown as Scandanavian and her residence at the time of the petition is shown as 60 Jane Street, New York, New York.

The file also states that the employee claimed previous residence in the United States from September 3, 1928, to August 30, 1933, as a student during which time she married LUDWIG C. KOSSAKOWSKI. Her last foreign residence is shown as Fort Erie, Ontario, Canada. She immigrated to the United States from Niagara Falls, Ontario, Canada, and entered the United States at Niagara Falls, New York, via the Falls View Bridge under the name INA TELBERG. The file reflects the employee resided permanently in the United States from December 27, 1933.

The file also shows that at the time of her naturalization the employee changed her name to INA TELBERG CROSS. Her witnesses were KYRA MALKOVSKY, 241 East 17th Street, New York, New York, and SARAH SMITH, Manetta Lane, New York, New York.

The INS record also shows that the employee made application for re-entry into the United States and was issued Permit #963212 on April 12, 1934, which showed re-entry at San Francisco, California, on October 7, 1934, on the SS General Sherman.

The file reflects that the employee was issued Certificate of Naturalization #3955861 at the United States District Court, New York City, on March 23, 1936.

Professor LEON DOSTERT, Head of the School of Languages, Georgetown University, 1719 Massachusetts Avenue, N. W., advised he was the employee's supervisor on two occasions. He first served in that capacity in 1945 and 1946

at the Nuremberg Trials in Germany where he served as a colonel in the United States Army as Chief of the Language Services. The employee's position at that time was interpreter.

In 1946 and 1947 DOSTERT stated the employee was an interpreter with the United Nations in New York and served under him while he was employed as Chief of the Interpreter Section of the United Nations. He stated he has not been in close contact with the employee since he left the United Nations in 1947. DOSTERT advised, however, since that time he has seen the employee socially on several occasions.

DOSTERT further advised he considers the employee to be a brilliant person who is very capable and reliable. He has no reason to question her loyalty and to his knowledge she associated with members of the interpreting team who were all people of good reputation. He stated he is not acquainted with any of her social acquaintances. He further advised that the employee was a bit emotionally upset when she was under his supervision. He stated he believed this was caused by the job on which she was employed. DOSTERT also stated that the employee should be on a job where she can be creative and feel she is achieving something and not in a position where she is merely a "cog in a wheel" repeating the words of other people. He stated that this appeared to be bothering the employee and when she would go out socially and after having a few drinks she would become very talkative and loud though not intoxicated.

DOSTERT concluded that he knows nothing unfavorable concerning the employee and he would recommend her for a position of trust on the basis of his friendship with her during the 1945 - 1947 period. He stated he knows of no one else who could recall the employee other than those persons presently working with the United Nations in New York.

Dr. and Mrs. EDWIN BARRY, 1844 Columbia Road, N. W., Apartment 1A, advised that they have lived at this address for the past thirty-nine years but do not recall the employee and can advise of no one who would be able to furnish information concerning her residence at this address. Dr. BARRY stated that the ownership of this apartment house has changed hands several times since 1946 and the present owners are Walker and Dunlap Incorporated.

E. JAY BROWNETTE, Rental Department, Walker and Dunlap Incorporated, 1200 15th Street, N. W., advised that this company has owned the property at 1844 Columbia Road, N. W., for five or six months and they have no records prior to that time. He stated that the Ellsasser Realty Company were the former owners.

Mrs. VESTA PRESBEY, Secretary, Ellsasser Realty Company, 1844 Columbia Road, N. W., advised her company managed this building beginning in 1949 but she has no records that would reflect residence by any person prior to that time.

On a personal history statement executed by the employee in 1953 she claimed residence in care of AULL, 3516 Connecticut Avenue, N.W.

Pittman Studios presently occupies the building at 3516 Connecticut Avenue, N.W., and they are presently closed for alterations.

J. EDWARD COWHELL, 3518 Connecticut Avenue, N.W., advised he has been in business at this address for the past two years but does not recall the employee. He stated that there have been several different tenants at 3516 Connecticut Avenue in the past two years. He stated that the present owner of the property at 3516 Connecticut Avenue is Mrs. LOUISE MAZZA.

Mrs. LOUISE MAZZA, 3816 Cathedral Avenue, N.W., advised she does not maintain any rent records prior to two years ago and does not recall the employee or anyone by the name of AULL.

L. H. ROBERTS, 2819 Ordway Street, N.W., advised he owned a business at 3514 Connecticut Avenue in 1945 and 1946. He slightly recalls a woman by the name of AULL residing upstairs at 3514 Connecticut Avenue but he does not recall the employee. He stated he could not advise of anyone who would know the employee or who would know the whereabouts of Miss AULL.

Mrs. LILIE JANE RICHMOND and Mrs. ANNA MAE LOURENCE, 513 and 511 Second Street respectively, advised they do not recall the employee.

The files of the District of Columbia Credit Bureau contained no record for the employee.

The employee has no record in the files of the Metropolitan Police Department, Washington, D.C.

The files of the United States Park Police contained no record for the employee.

The files of the Passport Office, Department of State, reflect that the employee was issued Special Passport #406 on December 26, 1944, to visit Ceylon, India, Egypt, and Iraq on official business for the Office of Strategic Services. This passport was validated on August 20, 1945, at Calcutta, India, for travel in India for one year on official business for the Office of Strategic Services.

The files reflect the employee was issued Passport #237820 on June 24, 1948, to go to Geneva, Switzerland, for six months as an interpreter, Language Division, United Nations Secretariat.

The file also reflects she was issued Passport #512561 on October 1, 1951, to go to Paris for the Sixth Session of the United Nations General Assembly. Nothing derogatory is shown in the file and no further pertinent information is contained therein.

The files of Washington T-1, another government agency which conducts security and personnel type investigations, contain no additional pertinent information concerning the employee.

The files of Washington T-2, another government agency which conducts security and personnel type investigations, contained no additional information for the employee.

The available files of the United States Senate Committee on the Judiciary, the Sub-Committee to investigate the Administration of the Internal Security Act and other Internal Security Laws contained no record of the employee.

The employee has no record in the files of the House Committee on Un-American Activities.

Confidential Informants of known reliability who know some of the Communist Party activities in the Washington, D. C. area advised in July and August, 1953 that the employee is unknown to them.

The employee's name was checked against the records of the Identification Division of the Federal Bureau of Investigation and no criminal record was found.

ADMINISTRATIVE PAGE

CSC files reflect that CSC conducted an investigation on the employee in April, 1943 for the Office of Strategic Services when she was being considered as an Assistant Social Science Analyst at the Library of Congress. The file reflects that the investigation was favorable.

CSC files reflect a reference for the employee by the name of Dr. CORA DUBOIS. Miss DUBOIS advised on contact that she was leaving the city within the hour and would not return until the week of August 17, 1953. She stated she did not desire to be contacted prior to her return to Washington, D. C.

It is noted Miss DUBOIS is presently under investigation in this office under Executive Order 10422.

Mr. St. John:
From: E.M. Scribner, Pawling, NY

The attached copy was sent to me from the Bar Association, in answer to a complaint regarding Newman Chaffee who was a neighbor of mine (an attorney). Chaffee claimed he could dissolve this marital tie which is on paper only.

I met a man, reported to be an attorney, at the Chaffee apartment on Thanksgiving Day, 1951 by the name of Steinberg. I appealed to him for nothing. I learned that Chaffee was inexperienced and associated with ~~him~~ ^{Steinberg} in some way.

Steinberg denied making charges against me before the Board. This led me to believe he might have done "just that" when he writes such vicious letters.

I have not been to the Chaffee apartment since Thanksgiving 1951, as above mentioned.

I am not, neither have I ever been a member of any organization mentioned by Steinberg.

I am ready to meet any of my enemies, Chaffee and Steinberg included at any designated place of meeting.

Emily Scribner

"Perhaps it is well to state that last winter Emily Scribner was cited by the Board of Education of the City of New York where she had been employed for insubordination and disloyalty for consorting with known persons of communistic sympathies and attending certain lectures propagandizing subversive conduct. She came to me and I refused to represent her, she then went to Mr. David J. Steinberg's office and asked him to make a recommendation and he consulted another attorney who agreed to represent her at her hearing before the Board and fixed his fee at \$500.00 which she agreed to pay a week before the hearing took place. When she failed to do this and asked for an extension which was granted to raise the money she then changed her mind and demanded that she be given a guarantee that she would not be dismissed but would be re-instated inasmuch as she had been suspended without pay. When this so called guarantee failed to materialize she then went to other lawyers denouncing Mr. Steinberg and charging him with making the charges against her before the Board.

COPY

"Mr. Steinberg further informs me that altho. she had been charged nominally with merely insubordination of a superiors orders and instructions nevertheless and investigation disclosed that such insubordination was due to the fact that she had been ordered and warned and directed to cease and desist consorting and associating with disloyal persons known to be members of organizations of communistic teachings which were on the list of the U.S. Attorney General as Subversive organizations teaching and advocating by force and violence the overthrow of the U.S. Government. She had been repeatedly warned not to attend meetings of such organizations but she defied such warnings and continued to attend them.

While reviewing some notes taken in 1961, I find that I did see (a head and arm) of Dr. Ina Teleberg at the Greenwich address. A woman had called to discuss the rental of the apartment while Ina Teleberg was in Europe. I was some distance down the hallway and did not enter with this woman, who told me it was I.T. and the apartment was not for rent during her absence from the city.

If I said I never saw her, that meant that I did not call on her, or attend any of her gatherings, or whatever group meetings they have, here or elsewhere. I know nothing about the book that she was reported writing. She withdrew the title, "Dr." after some of the "prospective patients" learned that the UN did not have psychoanalysts and asked her where she was trained for this profession.

Quote: (Psychoanalysis Called a Step to Mortal Sin)

"From the moral point of view, one must say that the psychoanalytic method easily becomes a tool of corruption."

In January 1962, "Magazine Digest" printed an article entitled, 25,000 Marriage Meddlers on the loose. If some of these incompetent charlatans received more publicity it might help to obstruct the spread of psychoanalytic doctrines and techniques. (mind control)

I was already working on my research for "Prices Charged and the Procedures" used by psychologists in New York, where a person is so easily victimized, when I read this article.

I have assailed the Freud View for analysis and have been outspoken and blunt to people who have continued long and expensive treatments. "An escape in sex" does not solve personality problems.

George Teleberg said his daughter was an interpreter.
Self-styled, Dr. Teleberg said she was a psychiatrist and recommended by Dr. Elizabeth Heilersberg

(1961)

I did not attend the meeting at Yorkville High School the evening Margaret Mead was featured as a speaker. I am familiar with the books she has written. When she lectured at the meeting of "Intercultural Education" at Montclair, N. J. some years ago I was reprimanded by one of the Directors of this organization (Mrs. Traeger) for not paying more careful attention. I was then Secretary to Dr. Giles, the Director of Intercultural Education located at 119 West 57th Street. I have not seen Dr. Giles since leaving that office at his suggestion (about 1947, neither have I seen M. Mead.) I believe Dr. Giles is at New York University in the Division of Humanities.

I was reprimanded by the Principal for not attending the lecture.

Mr. St. John

Overlooked explanation of picture collection on 6/26/53

"48" I believe is the correct number of exposures on one sheet with (Chinese ?) inscriptions. Six pictures from left to right and eight from top to bottom.

Pictures were not shown to me. They were on a shelf over a bookcase in the room the group had just vacated.

I did not attend the group meeting and do not understand any foreign languages. I have no explanation as to the grouping of these individuals.

One teen-age girl group includes: (as identified) ?

Aull, Moon, Meade, Stapelfeldt

The photography is excellent and a professional level.

Many pictures were in "negative", in single exposure.

July 15, 1963

Dear Mr. St. John:

I do not know your area of interest or extent of travel so I am enclosing information at hand.

The Writer's Colony is some distance from New York and I do not have the exact address in the Middle West. I am not a member, have never visited there, but will send the names and addresses of the New Yorkers. Perhaps this is surplus information, but I promised to send*all and any*to your office as I learned about "contacts" in the professions.

It seems the usual line "capitalism is doomed", and other statements with which I am now aware, is the keynote of this group operating a "Charity Organization" for young writers. A book has just gone to a New York publisher from this group, which I am watching. The writer has denounced his Catholic church, family and friends after living at this colony. This colony does not want visitors. Some of the members were labeled as "phonies"...whatever that means to you. Some are not writers, but supposedly being "made into a pattern for writers.", regardless of their background.

Yours very sincerely,

Pawling, NY

There is set forth below a United Nations loyalty case supervised in the Employees Security Section of the Bureau which is pending in your office and which is among the most delinquent such investigations being handled in the Bureau. This investigation must be completed at once and a report submitted by August 20, 1953, without fail.

Ina Telberg

This case is being brought to your attention to insure that it is being followed closely by both your investigative and supervisory personnel with a view toward completion on or before August 20, 1953. The Bureau is holding you personally responsible for the immediate completion of this case even though it may have been recently opened in your office by referral of leads from the Bureau or an auxiliary office.

The necessity for the earliest possible completion of this case cannot be over emphasized. As you know, much publicity is being given the Bureau's investigation of United States citizens employed by the international organizations coming under the purview of Executive Order 10422. Also, the next meeting of the United Nations General Assembly will be held in the near future. In this regard, the Bureau has been confidentially advised that the status of the United Nations loyalty investigations will be discussed before the General Assembly by Henry Cabot Lodge, Jr., Chief of the United States Mission to the United Nations. It is, therefore, incumbent upon the Bureau to complete as many investigations as possible prior to that meeting, in order that the Bureau will have discharged, as far as is possible, its responsibilities under the provisions of Executive Order 10422.

The case listed in this letter does not necessarily represent the only delinquent case of this type in your office. You should immediately determine if there are such cases in your office in which the deadline is past. If any are found, you must take the necessary action to see that they are completed without further delay. It is your personal responsibility to see that your office meets the deadline in all these cases.

The August 11, 1945 issue of the "New York Amsterdam News," a weekly newspaper published in New York City, reflected that one Dr. MARGARET MEAD was chairman of the inter-racial relations section of the Downtown Community School.

Records of ABBOTT and ADAMS, Incorporated, Real Estate Agents, 13 Astor Place, New York City, reflect that Dr. MARGARET MEAD was listed as one of the trustees of the Downtown Community School in 1945, when the school purchased the building located at 235 East 11th Street, New York City, from Abbott and Adams, Incorporated.

Confidential Informant New York City T-6, of known reliability, and who is familiar with general Communist Party activities in the New York City area, advised that the Downtown Community School has been dominated by the Communist Party since its organization in 1944.

The Communist Party has been declared by the Attorney General as being within the purview of Executive Order 10450.

In 1942, Confidential Informant New York City T-7, of known reliability, advised that one MARGARET MEAD was a member of the National Committee for People's Rights, and that her name was listed as being eligible for election to the Executive Committee.

The National Committee for People's Rights was cited as a Communist Front by the Special Committee on Un-American Activities on March 29, 1944 and June 25, 1942.

NY 138-1058

The Attorney General, the Honorable FRANCIS BIDDLE, stated in the Congressional Record, on September 24, 1942, that this organization was formerly the National Committee for Defense of Political Prisoners. The latter organization was declared by the Attorney General to be within the purview of Executive Order 10450.

The "Daily Worker" issue of December 16, 1940, reflects that Dr. MARGARET MEAD of the American Museum of Natural History was a visitor of the "Conference of Young Women" on December 14, 1940, at which time she was called upon to speak.

Confidential Informant New York City T-8, of unknown reliability, advised that the "Conference of Young Women" was of a transient temporary nature and is apparently no longer in existence. T-8 stated that the purpose of the meeting in 1940 was to bring together young women who were officials and members of both the Communist Party and the Young Communist League. He stated that officials and members of both of these organizations were present at this conference and asserted strong influence in discussions.

The "Daily Worker" is an East Coast Communist daily publication.

The Young Communist League has been declared to be within the purview of Executive Order 10450.

The records of the House Committee on Un-American Activities, Washington, D. C., reflect that one "MARGARET MEAD was a sponsor of the 'National Wartime Conferences of the Professions, the Sciences, the Arts and the White Collar Fields,' held on May 8 and 9, 1943, at the Hotel Commodore and the Hotel Biltmore, New York, New York.

Confidential Informant New York City T-9, of unknown reliability, stated that this group was a Communist front organization and that many of the participants were well known for their Communist affiliations.

It is noted that the Special Committee on Un-American Activities, House of Representatives, stated in 1944 (Appendix 1X, pp1335-8), "The National Wartime Conference of the Professions, the Sciences, the Arts and the White Collar Fields was held in New York City on May 8 and 9, 1943.

NY 138-1058

This program and the Committees were "stacked with well known Communists and fellow-travelers."

Confidential Informant T-10, the representative of another governmental agency, which conducts security type investigations, advised in December 1951 that MARGARET MEADE advised their agency in May 1951, that she has belonged to various organizations which included the following:

<u>NAME</u>	<u>CAPACITY</u>	<u>FROM</u>	<u>TO</u>

114 East 32nd Street, New York City	Child Care Library Comm.		
Southeast Asia Institute (formerly East Indies Institute)	Member	1945	1947
7 East 70th Street, New York City (1947)			(dissolved 1947)

The National Council of American-Soviet Friendship is an organization which has been declared by the Attorney General of the United States as a Communist Organization coming within the purview of Executive Order 10450.

The Special Committee on Un-American Activities, report dated March 29, 1944, page 156, contained the following statement, "In recent months, the Communist Party's principal front for all things Russian has been known as the National Council for American-Soviet Friendship."

Mr. WAYNE FAUNCE, Assistant Director, American Museum of Natural History, New York City, advised early in 1950, that the Southeast Asia Institute was a cultural and scientific organization whose purpose was to collect, study and prepare reports regarding cultural and scientific matters of the people of Asia. He stated that it was sometime in 1946, that this Institute moved to 1 East 54th Street, New York City, where it had merged with the Institute of Pacific Relations.

NY 138-1058

Mr. FAUNCE stated that among the employees of the Museum of Natrual History who were most active in the affairs of the Southeast Asia Institute was Dr. MARGARET MEAD, Assistant Curator of Ethnology.

The American Council, Institute of Pacific Relations, was cited by the California Committee on Un-American Activities, report, dated 1948, page 168, as a Communist front which receives funds from the American People's Fund, another front organized and directed by FREDERICK V. FIELD, as a repository for funds to be distributed to Communist enterprises.

Confidential Informant T-11, of known reliability, advised in March 1950, that there was at this time a proposed amalgamation of the resources of the American-Russian Institute and the American Council on Soviet Relations, to take place by having the Institute absorb the Council. This informant further advised that MARGARET MEAD was being considered for membership in the Institute because of her interest and work and her contacts with different groups in the community.

The American-Russian Institute (New York) is an organization which has been declared by the Attorney General of the United States as a Communist organization coming within the purview of Executive Order 10450.

The American Council on Soviet Relations was cited as the subversive and Communist successor to the Friends of the Soviet Union by Attorney General TOM CLARK, letters to the Loyalty Review Board, released June 1, 1948, and September 21, 1948.

It is noted that the March 1943 issue of "Pacific Affairs" contained a book review written by MEAD. It is not known that book was reviewed by MEAD.

"Pacific Affairs" is one of two official publications of the Institute of Pacific Relations.

NY 138-1058

Confidential Informant T-12, of known reliability, advised that Dr. M. MEAD, American Museum of Natural History, New York 24, New York, received a copy of the Union of Soviet Socialist Republics Information Bulletin, dated September 21, 1951, during September 1951.

The Union of Soviet Socialist Republics Information Bulletin was an official publication of the Soviet Embassy, Washington, D. C., which was circulated bi-monthly throughout the United States, but which has recently been denied circulation in the United States by the State Department.
